Prom Packages

The school prom is a "Rite of passage" for every young teenager. Today it seems every secondary school has an end-of-school prom and the event has taken on huge significance in the life of those about to embark on college life. Many describe the event as "the best night ever", a testament to the hard work of those who have organized the event, teachers, parents and others that make sure the school prom is a great night out. Good proms don't just happen. They take planning and organization months in advance. We provide a resource to school prom committees to help them make the night a dazzling success, saving teaching staff time and money.

Our Prom packages include venue hire, buffet or three course meal, DJ and professional sound system, SLA security, Bar staff and waiting staff.
